

## EWC Housing Weekly Update - Dec 17

**Winter Travel:** As a reminder, if you are traveling over the winter break, please fill out and submit the required [information form](#). This is important for your return and will enable EWC Housing to make any necessary self-isolation or quarantine arrangements in Lincoln Hall. You should complete this form even if you have communicated separately with the Housing office about your return reservation. A reminder that travelers will need to pay for their Lincoln Hall room *in addition to* their room in HM or HK during self-isolation or quarantine (unless you checked out of your HM/HK room).

**Quarantine and Self-Isolation Protocols:** The Hawai'i Department of Health (DOH) has announced it is reducing the mandated quarantine period for individuals exposed to COVID-19 (close contact) from 14 days to 10 days based on new recommendations from the Centers for Disease Control and Prevention (CDC). Please be advised that **the East-West Center will continue our policy of requiring 14 days of quarantine or self-isolation in Lincoln Hall after exposure or travel.** The data indicate that there is still a significant reduction of risk with a 14-versus a 10-day isolation period. As a congregate living facility, the Center feels it must apply the most stringent standards possible to maintain a safe and healthy environment for staff and students.
