

## **FIELD RESEARCH FUNDING GUIDELINES**

The purpose of the Field Research funding is to support original research associated with the degree participant's or student affiliate's thesis or dissertation. Normally, this involves research outside Hawai'i, including laboratory or field testing. Limited funding is available for travel and research costs through a competitive process.

### **ELIGIBILITY**

1. No more than one field research project per student may be funded during their time at the EWC.
2. All university department requirements must be fulfilled prior to the start of field research.
3. There can be no incompletes (I grades) pending in the applicant's academic record.
4. All EWC requirements to date must be fulfilled.
5. The total time away from the Center (on active award status) must be less than 50% of the total grant time.
6. The field research proposal must be approved by the applicant's university department and the UH-Manoa Human Studies Program, Institutional Review Board (IRB).

### **SELECTION PROCESS**

A EWC Field Study Review Committee will review the applications. The committee will make recommendations on both the acceptance and level of funding of the research proposal to the Dean of the Education Program. The Dean will make the final decision.

### **CRITERIA**

The following criteria will be used to evaluate the applications:

1. Recent and current involvement in the EWC Student activities, and may include active contributions to the EWC research projects of the Research and Education Programs, or EWC internship or leadership development project.
2. Quality of the proposal, including consideration of the research design, literature review, methodology, relationship to the dissertation topic, and coherence of the total proposal.

3. Relevance of the proposal for Asia Pacific regional issues, especially topics of community building and other themes addressed in the Center's Research and Education programs.
4. Demonstrated ability of the applicant to carry out the proposal, i.e., evidence such as a previous research experience, relevant training, and academic performance.
5. Feasibility of the proposed research project in terms of objectives, methods, work plan, budget, and total financial resources available and needed.
6. Evidence of seeking funding from other sources.
7. Evidence of support or offers of support or affiliation from host institutions in the research area.

Only complete applications will be reviewed by the EWC Field Study Review Committee. It is the responsibility of the applicant to ensure that her/his application is complete.

### **APPLICATION PROCEDURE**

1. The application deadlines are: **November 12, 2020**  
**February 11, 2021**  
**May 13, 2021**
2. A complete application includes the following:
  - a. Completed application form signed by the applicant.
  - b. A cover letter addressed to the EWC Field Research Committee of the Education Program briefly describing the thesis/dissertation topic. Include statements addressing:
    - i. Description of involvement in EWC Student Activities; Wednesday Evening Seminar requirements and monthly reports; EWC projects or activities of the Research and Education Programs, or EWC leadership development projects or internship.
    - ii. Brief summary of the thesis/dissertation topic and its relevance for scholarship, Asia Pacific regional issues, and themes of community building in the Asia Pacific region;
    - iii. Contribution of the research to the applicant's professional development;
    - iv. Progress toward university degree.
  - c. A copy of the thesis/dissertation proposal with other supporting documents showing it has been approved by the thesis/dissertation committee.

- d. A work plan which specifies: geographic location of activity, tasks to be performed, who is responsible, who is to be involved, specific activities to be carried out, deadline and timeline perspective for the study proposed.
- e. A letter of reference from the applicant's UHM committee chairperson supporting the request for field research funding.
- f. Evidence of Affiliation or sponsorship from host country institution in country where research will be done. Provide supporting documentation where possible.
- g. Evidence of attempts to find additional sources of support.
- h. Results of the UH-Manoa Human Studies Program IRB review of proposal.
- i. A current curriculum vitae that clearly indicates your current EWC affiliation.

**Failure to comply with submitting any of the above materials will be cause for eliminating an application from consideration or rescinding a field research funding.**

#### **AWARD PROVISIONS, LIMITATIONS, AND PROCEDURES**

1. Funding is available for up to \$3,000 for airfare and research expenses only.
